More Answers Than Questions is a quiz book with a difference, with each quiz truly testing the depth and width of your knowledge.

Each quiz is composed of eleven questions. Question 1 requires a single answer, question 2, two answers, question 3, three answers and so on, up to question ten. There is also a bonus question, the answer to which comprises anything between ten and fifty answers. These are quizzes that all the family can work together to solve, rather than trying to out-do each other by being the first to shout out a single correct answer to each question.

Subjects covered include: The Arts, Cinema, Food and Drink, General Knowledge, Geography, History, Literature, Music, The Natural World, Science, and much more besides. With each quiz truly testing the depth and width of your knowledge, *More Answers Than Questions* will provide many hours of family fun – and perhaps some bouts of frustration!

Test Your Knowledge:

1. Who was the first woman to go into space?
2. What are Mars's two moons called?
3. Who were the three members of the legendary Apollo 11 crew?
4. What are the four components of a comet?
5. Which five major space agencies participate in the International Space Station?
