Description

'You'll laugh out loud and take delight in the gripes of the moaners out there' - The Sun

From Bob Geldof to Winston Churchill, Jeremy Clarkson to Victor Meldrew, the world has always produced its share of grumpy, moody, pessimistic and world-weary types. We all know one!

They like to groan and grumble, offering their own commentary on the shortcomings of modern life. Whether it is queues at the supermarket, the state of the health system, the price of a pint these days, the hairstyles of teenagers, or the number of Maltesers you actually get in a bag, there is always something that will get their goat.

The Grumpy Old Git's Guide to Life is a hilarious celebration of all these grumps, how to identify one, what exactly they find so irritating and why we find their rants quite so amusing.
