

THE GREAT SCIENTISTS

IN BITE-SIZED CHUNKS

Nicola Chalton & Meredith MacArdle

Michael O'Mara Books
Publication Date: 03/09/2015
Hardback £9.99

Covering the key discoveries of the most prolific thinkers in each scientific field, including Aristotle, Darwin, da Vinci, Newton, Descartes and Hawking, this book includes highlights of the most influential scientists' lives and works.

Revealing how human curiosity knows no bounds, it showcases the visionaries who have dared to question established 'truths' and whose theories shaped how we now look at the world.

Tackling the many disciplines of science, including astronomy, medicine, mathematics, optics, botany, geology, chemistry, physics, biology and genetics, *The Great Scientists in Bite-Sized Chunks* is an essential guide to 2,500 years of marvelous scientific endeavor.
